Steve,

please combine the "King Oscar" and "Oscar" entries in the database and delete the newer one. Also, please check the website

[http://www.dnr.wa.gov/RecreationEducation/Topics/DerelictVessels/Pages/aqr\\_dv\\_notices\\_intent\\_obtain\\_custody.aspx](http://www.dnr.wa.gov/RecreationEducation/Topics/DerelictVessels/Pages/aqr_dv_notices_intent_obtain_custody.aspx)

and make sure that the vessels listed with notices there have the "APE Removal in Progress" box checked and the agency listed under "APE Conducting Removal" on the Project info tab in Access.

Once that is done, please run the "Website—vessels completed" and "Website—Vessels not completed" reports in Access and export those documents to word. Please send to Anna for her to update our website similar to the below update.

- 
- Derelict or Abandoned Vessel Removals Completed - replace with
- aqr\_dv\_vessels\_completed\_3\_17\_10.pdf, keeping the same title line for link [Derelict or Abandoned Vessels Removals Completed]
